FOREWORD

Four years ago, high school students in Marion entered a tremendous new school building. Among the student body was a group of wary Freshmen. Now as Seniors they will tell you about their school building, and how they have broken it in for posterity, (since they are the first class to complete four years of education in the school).

During the past existence of the school, many an inquisitive animal has made his way into the halls and classrooms for a closer look. We thought it would be a kind gesture to give one of these animals, K-9 the Explorer, a guided tour of the building, introduce its occupants, and present its activities. We hope that everyone will catch a glimpse of the school's spirit and life as we present the 1959 Hylander.

With deep appreciation

for her devoted service to the students of Marion High School over a period of many years

for willingness to serve beyond the call of duty. We have heard her lend encouragement to the players at football, basketball, and baseball games. We have seen her decorating for parties, preparing food or refreshments when the occasion has arisen, and cleaning up after the parties are over

for her wise counsel and guidance and for being our friend, we, the 1959 Hylander staff, dedicate this edition to Mrs. Flora Homewood.

Superintendent's Message

Every child in North Carolina is entitled to a high school education.

Every child living within the confines of the Marion City Administrative Unit is assured this birthright, provided he or she takes advantage of the educational opportunities which are available.

An education is a valuable asset to every individual. To the present generation, the value will probably be greater than it has been to any generation in any period from time immemorial to the present; therefore, it should behoove every high school boy and girl to firmly resolve that nothing will be permitted to circumvent a high school diploma.

We believe that the facilities of Marion High School will compare favorably with any similar institution in the state. Your building is modern and functional; your educational materials and apparatus are of splendid caliber and thoroughly adequate; your teachers are well equipped, each holding either an "A" or "G" certificate; your extra-curricular activities are stimulating and should meet your needs; your entire surroundings are pleasant and inviting- you should be able to "come of age" with your full birthright, prepared to meet any challenge you may be called upon to face as the cloak of citizenship and its responsibilities falls upon your shoulders.

May Godspeed be yours in all your endeavors and undertakings.

Cordially,

Hugh Beam

School Board

Seated: Mr. Eugene Cross, Mr. Joseph L. Noyes, Mrs. Walker Blanton, Mr. Robert Twitty.

Standing: Mr. R. L. James (who has resigned since picture was made) Mr. Hugh Beam, Mr. Earl Godfrey. Inset: Mr. S. R. Perkins.

Mr. Hugh Beam, Superintendent of Marion City Schools, and his secretary, Miss Helen Smarr.

Mr. Charles C. Elledge is serving his eleventh year as principal of Marion High School. In addition to being an administrator, he is a writer, having published some plays and poetry as well as articles for professional journals. He spends his summers in Boone where he is associate director and actor in the outdoor drama, "Horn in the West." He is also in demand as a speaker when the duties of his school position allow him any free time. Last year he appeared in the motion picture, Thunder Road. He is a state director for the Beta Club.

In almost a quarter of a century of teaching and directing students, he must have known over five thousand of them. His greatest joy is in helping young people go on to get a higher education and become leaders in their communities.

Mrs. Eunice Pyatt, the very efficient office secretary, is busy with one of the dozens of clerical tasks with which she daily deals.

First let's introduce K-9 the Explorer to the student body of Marion High School; the dignified Seniors, haughty Juniors, wise Sophomores, and wary Freshmen.

While they are at their lockers is a good chance to catch a glimpse of them. Here you will learn how hard the test was, who got elected, and many other things about school life. More important than all of this, though, is the building of friendships and the increasing knowledge of the students from year to year.

Harold Simmons, President; Carolyn Huffman, Treasurer; Fern Lewis, Secretary; William Austin, Vice-president.

This is it. This is our annual, our last months of preparing for jobs and colleges, and our reminiscence of good times. This is our year. We came to our new building four years ago, as Freshmen, frightened, expectant, and willing. Since then we have achieved many goals. We have been to New York, coming back the sleepiest Seniors ever but the happiest. Last year we worked hard on the Prom and this year we went to our own Prom. We have successfully pro-

duced the Mouse Trap. In this book we can at least express our deep appreciation to our teachers and principal, who through patience, understanding, and hard work, have prepared us for the future. When we graduate we will leave many friends behind, but we will also carry with us memories which we will always cherish. As we leave here, we can only hope that the following classes enjoy the same fulfilment of four wonderful years of dreams come true.

STUDENTS OF THE YEAR

The honor of being students of the year does not seem to affect Martha Pyatt and John Morris as they casually walk to their next class.

MOST POPULAR

The topic of discussion is likely to be almost anything, and everyone is listening to what Judy Lawing and Roby McDaniel are saying.

Senior Superlatives

MOST ORIGINAL

The tubes Brenda Beck is holding might have some bearing on the trouble Butch Austin is having adjusting that television set.

MOST COURTEOUS

Is Robert Fletcher being courteous or is he merely admiring Fern Lewis?

BEST DRESSED

Being best dressed does not stop Donald Hemphill from being courteous, too, as he helps Marie McBee on with her coat.

MOST TALENTED

Pat Robinson and John Streetman must enjoy the sound of their duets, judging from the expressions on their faces.

Senior

BEST ALL AROUND

Is it possible that Dotty Pooser and Billy Jarrett have found a new way to use a hoola hoop?

FRIENDLIEST

A cheery wave and a friendly smile from Carolyn Huffman and Jerry Steppe should help to make your day a little happier.

MOST HELPFUL

Ronald Owenby apparently is fixing up the lights for a program on the stage, but what does Nelda Welborn have in mind for that light bulb she's holding?

MOST ATHLETIC

Who is giving whom the lesson here? Betty Revis seems to be giving Ken Morgan a few pointers on how to play basketball.

Superlatives

BEST LOOKING

There seems to be something very interesting that Bette Garratt and Donald Nesbitt have found to stare at.

MOST LIKELY TO SUCCEED

Dennis Brown calmly waits his turn as Patty Hall delivers her speech.

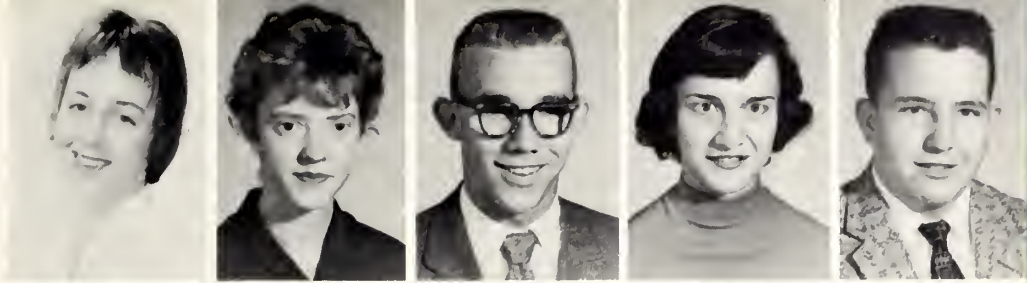

Junior Class Officers

Rod Bradley, Treasurer; Geraldine Chrisawn, Secretary; Bo Rader; Vice-president; Jim Hensley, President.

Here we are, the Juniors. It is hard for us to believe that finally we are a part of some of the biggest festivities of Marion High School. The Junior Senior Prom--this year it has been our privilege to present the Seniors with that divine gift. The National Honor Society--now being eligible for this honor club, we all sat around with crossed fingers waiting for that red-letter day when some of us were inducted; others are still waiting.

Another privilege enjoyed by us Juniors is the new responsibility which the teachers seem suddenly to place on us. We are older and more interested in learning. We hope we have proved ourselves worthy of our teachers' confidence in the classroom, in the Junior play, in all our other activities of the school.

This is how it is at Marion High in our coming and our going day after day: study, chatter, clown, study, investigate, pose, play games, study, pose, chatter.

Sophomore Class Officers

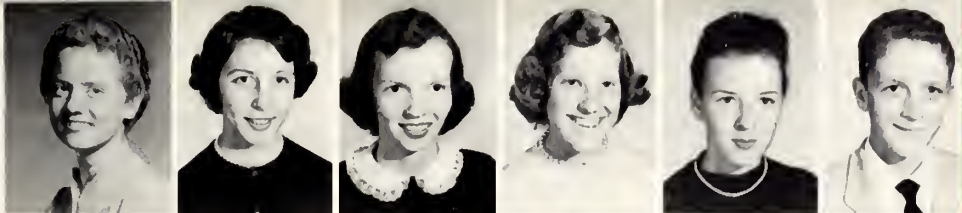

Donald Millwood, President; Kenneth Johnson, Vice-President; Brenda England, Secretary; Joan Eastman, Treasurer.

Having made it throughout Freshman year, we look back with a feeling of accomplishment and see all that we learned. It took us a while to learn the tricks of the trade such as: how to run to lunch without a student council member seeing us, how to always bow and scrape to a dignified Senior, how to bribe another student for his place in lunch line, how to slug the coke machine, and how to get

somebody to answer homeroom call for us so that we can have five extra minutes. We think we're pretty sharp on such matters now and could probably teach a few upper-classman our tricks.

We know that a lot lies ahead of us in our Junior and Senior years of high school. We are looking forward to the banquets and plays we will work on with eagerness, and all that the next two years will bring.

Freshman Class Officers

Ronald Bailey, President; Jerry Lonon, Vice-President; Diane Mathis, Treasurer; Mary Dameron, Secretary.

While we Freshmen have not had time to make much history as yet, we have managed to make enough noise to make our presence known. We have found it possible to survive without certain things which we were led to believe were necessary parts of a freshman's equipment. We've had to do without what some of the dignified upperclassmen told us were essentials: locker stretchers, and study hall sheets.

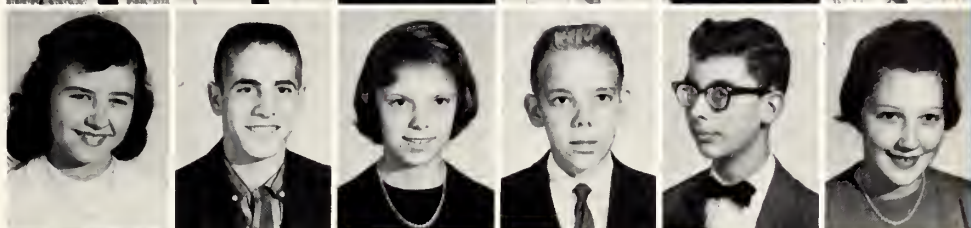

But equipped or not, we are here to stay (for not more than four years we hope).

It is our sincere desire to uphold the traditions and outstanding achievements which those before us have made. There isn't one of us who is not proud to be in this fine school, and we will strive to make it better in our future years here.

For the benefit of K-9 we will now introduce the teachers and their classes.

Once they have passed through this door and it is closed behind them, the students are subject to fifty minutes of instruction in one of the many courses in school. In math, English, science, or history, the interested students will find that preparation now will open many opportunities for them in the future.

Surrounded by brilliant autumn leaves, members of Mrs. Laughridge's English class are easily transported to lands of imagery by poet or writer of prose. "The Ancient Mariner" again finds an attentive ear to listen to his tale of woe.

English And Speech

Mr. E. L. Carter, English IV; Mrs. Mary Frances Brown, English II; Mrs. Eleanor Laughridge, English I; Mrs. Grace Elledge, English III; and Mrs. Katherine Lightfoot, English II, hold the reins in the English department.

Ronald Owenby is acting as moderator for a panel composed of Carolyn Searcy, Dean Wall, Brenda Miller, and John Streetman. The subject for discussion is "Teen-Age Problems." The Speech Class also does choral reading, debates, radio programs, and chapel programs, in addition to routine class work.

Science

Biology students watch as Mrs. Finley uses a diagram to illustrate a point.

Mrs. Patty Finley seems to have made some startling discovery while looking into that microscope. Perhaps Mr. Bill Blackburn and Mr. Howard Wilson can find the interpretation of her findings in those two books which they are fingering. These three teachers give instruction in physics, chemistry, biology, and general science. The gift from the Key Club last spring has been put to good use in buying equipment for the laboratories.

Distillation seems to be the subject of this experiment performed by a group in chemistry class, under the supervision of Mr. Blackburn. Graham Clontz, Donald Holland, Wayne Westall, and Bobby Morris see in it the possibility of breath-taking results; while Clinton Lytle seems to say, "Boy, oh boy! It's going to explode!"

Mathematics

Future math majors and engineers get their basic facts in classes like this one taught by Mrs. Davis. Who said cartoons should be relegated to the comic books?

The mathematical wizards of the school keep their tricks of the trade with them. Mrs. Edith Davis, Miss Catherine Alley, and Mrs. Kate Lindsay teach everything from two from ten leaves eight to advanced trigonometry and pre-college algebra.

Everybody looks very pleased about that stick you are holding, Mrs. Lindsay. Surely this isn't "Arithmetic taught to the tune of a hickory stick." Steve, Sue, Doug, and Carolyn know the stick is a geometric tool, but Janet isn't too sure.

Mrs. Morris and Mrs. Freeman offer help to those who learn commercial courses. Here "Now is the time for all good men to come to the aid of their country" becomes a stepping stone to typing business letters, documents, and maybe even an occasional love note slipped in when no one is looking. Courses in general business, bookkeeping, and shorthand are also given in this department. Many graduates from this department are now holding good positions in the business world.

Commercial And Social Studies

"This fine old world of ours is but a child yet in the go-cart. Patience! Give it time to learn its limbs." Mrs. Lightfoot gives members of her social ec. class a little lesson from the globe.

Seated: Mrs. Betty Freeman, commercial; Mrs. Emily Morris, commercial; Mrs. Mary Laughridge, civics and world history; Mrs. Katherine Lightfoot, sociology and economics.

Standing: Mr. Ted Freeman, U. S. history; Mr. Bucky Reep, U. S. history; Mr. E. L. Carter, geography; and Mr. Howard Wilson, civics.

Miss Mildred Glenn, librarian, can tell you the name of every book in the library and where to find it. Here she stamps a card for Bobby Hunter while Nelda Welborn fills out a requisition blank.

Library And Foreign Language

Comment allez-vous aujourd'hui? Les garçons et les filles regardent leurs livres. Mme. Gilclef aide un garçon. L'art moderne est sur le mur.

"Of classic legends rare and old,
Wherein the scenes of Greece and Rome
Had all the commonplace of home,
And little seemed at best the odds
'Twixt Yankee peddlers and old gods."

Miss Catherine Alley and Mrs. Marguerite Gilkey bring the cultures of Rome and France into the classrooms in the foreign language department.

Driver Education classes offer instruction to students sixteen years old or who will be sixteen during the school year and are interested in learning to drive. Students receive instruction from Mr. Freeman on the mechanism of a car as well as instruction on how to drive it. With the help of a driver training car, furnished by Ballew Motor Co., the community is benefiting from this very practical course.

Physical Education

Driver Education

Physical Education is one class all students in Marion High School enjoy at some time or another. Although "phys ed" has its share of drudgery in exercise, it certainly has its rewards. Girls and boys alike take pride in possessing strong bodies and good health. What better way is there to gain these than in a good game of soccer, softball, volleyball, or baseball? In calisthenics the 1,2,3, 4's are translated into different movements of the body.

Instructors in Physical Education: Mr. Jim McFadden, Mrs. Mary Laughridge, Mr. Bucky Reep, Mr. Howard Wilson, Driver Education instructor: Mr. Ted Freeman.

Mrs. Flora Homewood, home economist, spends ten months a year instructing girls in homemaking. She is showing Mildred Hollifield, Carolyn Church, and Frankie Crisp how to concoct some exotic egg dish.

"A little more salt, please," says Jeanie to Donna. The beautifully etched tray in the foreground was made in the home ec. class. Cooking is the order of the day in this room; sewing is going on in the room next door. Patricia seems to be the only one who has to wash dishes.

Manual Arts And Home Economics

Saws, vices, machines, tools, these things are typical of the manual arts class, which we call simply Shop. The boys who take this course have made some beautiful pieces of furniture, everything from bookends to cedar chests and walnut cabinets.

Mr. William Rogers is the commander in this department. In addition to giving instructions, he has to be ever vigilant to see that no boy saws off a finger instead of a plank.

We do not want the above scene to give K-9 the wrong impression about our activities. While the activities of our year are high-lighted by the Junior-Senior Prom, and other class parties, our service, honor, and training clubs play an important part in school life. Each club helps prepare the students in some way to get along with and help other people.

It's hard to tell which team just made a touchdown--Marion or Rutherfordton. Ask Patsy Rector, or some of the other apparently happy people; they might be able to tell you.

The Homecoming queen and her court are presented in a coronation ceremony prior to the football game which the Rippers won 28-7.

Student Council

The Student Council of Marion High School is the governing body of the school. The officers of the student body and two representatives from each class make up the membership of the council.

This year the council has helped with ticket sales at ball games and has sponsored the "sock hops" after the games. Its members also have promoted safety campaigns in the school and have been leaders in improving student attitudes

concerning school work as well as extra-curricular activities. They act as hall and cafeteria line monitors, conduct clean-up campaigns, and act as co-ordinator between faculty and students.

s Of America

The Marion High School Band is under the direction of Mr. Claude Jarrett this year. The first part of the school year the band's work was centered around performing at pep meetings and football games. On Thanksgiving day the band represented our

school at the Lions Bowl football game.

During the month of December the band gave its Christmas concert. The remaining part of the year is being devoted to other concerts and preparations for the district and state contests.

Now is the time for our Hylander Staff and the students of Marion Senior High School to express their appreciation to what they think is one of the finest coaching staffs in the state.

Everybody needs a leader. A boy has far more idealism than some people suspect. He will work. He will take rules and follow them, and even keep in strict training. He will struggle to qualify at great personal sacrifice. If he is confident there is a job to be done and fine coaches to believe in, he will give. And we certainly have four of the finest coaches to believe in and be proud of.

Tackles: Kenneth Johnson, Kirby Toney, Jim Wall, Bill Hollifield, Robert Arrington.

Halfbacks: Robin Beck, Dicky Johnson, Jerry Lonon, Jerry Hunnicutt, Norman Earley, Leonard Goforth, Donald Millwood.

1958.

Fullbacks: Steve Patton, Barry Ramsey.

Everyone agrees that our head coach, Jim McFadden, is the greatest. We appreciate the time he has spent with each and every boy. The love, patience, and understanding he has given them in the past two years will not be forgotten. In the past two seasons he and his team have racked up an impressive 16 wins, 4 losses, and 1 tie.

Our assistant coach, Ted Freeman, being our head line coach, has done a tremendous job. Last year he had the best line in the state. This season, starting with six new linemen, the team ended up with winning four out of the last five games. Coach Freeman deserves much credit for the success of the line, and you will find every boy on the team speaking of him with respect and loyalty.

Coach Howard Wilson, our J. V. coach, and our fine assistant backfield coach, Bucky Reep, have both done outstanding jobs. The success of our team this year depended mainly upon the fine scouting reports brought back each week to our Athletic Department.

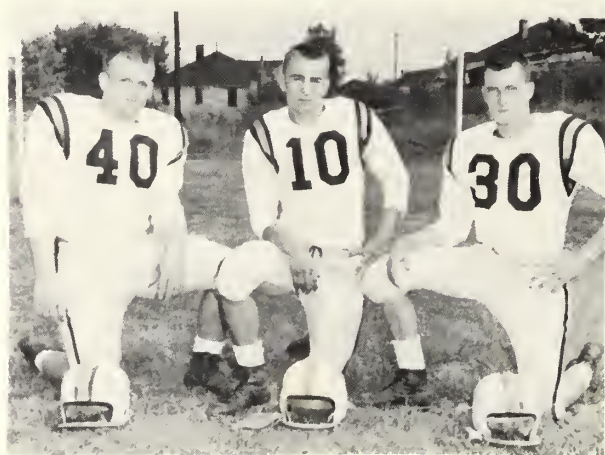

We the students of Marion High salute you and your winning teams for your good sportsmanship and teamwork.

The cheerleaders along with Jack the Ripper lead the team out on the field for a battle which the Rippers won by beating Morganton 28-7.

Ken Morgan moves forward with a determined look as an opposing player, also determined, tackles him.

Homecoming Queen*

Homecoming was a gala event in 1958. The weather was warm; it didn't even rain. The parade down Main Street was very colorful, featuring, in addition to the queen and her attendants, the band and seventeen sponsors of clubs. The two big performances of the evening were the football game, which we won, and the queen's ball afterward. Queen Bette reigned with beauty and dignity over the festivities. Members of the P. T. S. A. were co-sponsors for this occasion.
